

Welcome and
thank you.

**The Smith
Family**
Learn today, change tomorrow.

*Tomorrow's
Family* 

Welcome and thank you.

Your kindness will live on forever – in the lives of the Australian children who'll have a better future because of you.

You're helping thousands of young Australians facing disadvantage to get the support they need to stay engaged at school. Children who might have felt left behind will instead feel encouraged, capable, and hopeful about where their future could lead.

Your gift will help countless students build a strong foundation – not just for their education, but for their whole lives. That's an incredible legacy to leave.

It also says a lot about who you are. Someone who cares deeply, who

believes every child deserves a better tomorrow, and who's willing to make that possible.

From all of us – and especially from the children whose lives will be brighter because of your generosity – thank you. Your gift brings hope, and helps make every tomorrow better for generations of young Australians living in poverty.

With heartfelt appreciation,

Doug Taylor
Chief Executive Officer

The crucial difference...

you are making.

As a caring member of Tomorrow's Family, you'll be making a gift that will help break the cycle of poverty for thousands of Australian children. Here's just a few ways we'll do this together through our evidence-based programs:

- Providing vital resources, and opportunities to help children facing disadvantage break down barriers to learning
- Facilitating tutoring, mentoring, and after-school activities that build skills, boost confidence, and inspire children to stay engaged in their education
- Offering career guidance and experiences that open up a world of opportunities once their education is complete.

Thank you for making every tomorrow better...

... for Zac

“One day I want to have the biggest chicken farm in Australia.”

Your extraordinary kindness means the world to Zac — a bright, hardworking boy with big dreams and an even bigger love for chickens. His family has faced financial pressures that made it hard to afford the extra support he needed at school. Your legacy is helping make sure Australian children like Zac can access the extra support needed to keep up with their education, stay on track, and keep dreaming big.

... for Angel

“I like to read picture books with my reading buddy because the pictures help me read the words that are tricky.”

After a sudden change to her home environment, Angel and her siblings went to live with their grandmother. She has faced many challenges caused by financial disadvantage, but because of generosity like yours, Angel has received the ongoing educational support she needs to stay engaged at school and chase her big dreams of becoming an artist or sports star. The wonderful gift in your Will is helping countless Australian children like Angel feel seen, supported, and able to reach their potential.

Thank you for making every tomorrow better...

... for Dylan

"I want to be a banker because I love maths and working with numbers. They get to do numbers all the time, and that sounds fun."

Your kindness is opening new doors for Australian children like Dylan. Despite financial challenges at home, Dylan is gaining the extra learning support and mentoring opportunities that generous gifts in Wills like yours provide. He's a curious and hardworking boy with a passion for maths and dreams of becoming a banker. And because of you, Dylan and children like him can continue growing, learning, and moving confidently towards their goals.

... for Poppy

"I'm going to become a teacher!!"

Poppy is bright, curious and full of potential. But growing up with financial hardship meant she did not always have the support she needed to keep up at school.

That all changed when she joined a *Learning Club* – a safe, nurturing space where she can ask questions, grow in confidence, and believe in herself and her future.

Your kindness is helping children like Poppy build bright futures – for themselves and for the generations to come.
