Learning for Life

**Learning programs for
high school children**

Program Guidebook – August 2026

Creating brighter tomorrows

Welcome to the *Learning for Life* program guidebook. Taking part in our programs is an exciting journey for your family. Here you'll find an overview of some of the fantastic opportunities and programs available to support your child's ongoing learning and success at high school and beyond.

Our program availability does depend on the community you live in and school your child attends.

We understand that success at school is about so much more than what happens in the classroom.

That's why *Learning for Life* focuses on supporting your child and partnering with your family. We also work with schools, local community services, and community and cultural leaders.

We want to help solve problems together and connect you to the right services when you decide that's what your family needs. Our range of learning and mentoring support programs help your child build skills, knowledge, motivation, self-belief and positive relationships.

This support can help your child or children stay engaged with school, and develop rewarding career pathways for life after school.

Our current programs

Future Seekers	4
student2student	5
Career Activities	6
Learning Clubs	7
SmArts	8
Work Inspiration	9
Saver Plus	10

Future Seekers

Year 7–8
students

Future Seekers is an interactive program that introduces your child to the world of work. It provides them with information and tools so they can start thinking about their career options beyond school.

What does Future Seekers involve?

Your child will attend six to seven one-hour sessions during school hours. In these sessions, they'll explore their skills and interests in a fun, imaginative and interactive setting. The program is run by a trained facilitator.

"I've learnt about careers I didn't even know existed. I didn't realise how many opportunities were out there that I can take."

**– Talon,
Future Seekers
participant**

student2student

Year 7–8
students

Our student2student program matches students who have reading difficulties with an older student buddy who helps and encourages them with their reading.

What does student2student involve?

Your child and buddy receive a login for an online library, Chatty Kids. Their reading buddy contacts your child via Chatty Kids two or three times a week for at least 20 minutes, over 18 weeks. Your child reads to their buddy, who uses the skills learnt in training to assist them with their reading and offers encouragement and praise. Their buddy keeps a simple record of each call and reports progress to a volunteer supervisor fortnightly.

Who is eligible?

- Year 7 and 8 students up to 4 years behind in reading

Your child can apply in Term 1 of the school year.

"I liked the fact that I didn't feel judged while reading to my buddy."

– Year 8 student

"[Student 2 student] helped me improve my reading and I enjoyed talking to someone different and my buddy was nice and caring."

– Year 7 student

Career Activities

Year 7-12
students

Career Activities are designed to support your child as they explore career and further study options beyond school.

What do Career Activities involve?

Career Activities can take place at school, or in the community. Each activity is designed to provide your child with the necessary skills and knowledge they need to help them create plans for their post-school pathways.

Did you know?

Young people who can recall four or more structured Career Activities across their school life are five times less likely to be unemployed or disengaged from education or training as a young adult.*

Learning Clubs

Year 7-12
students

Your child will attend an out-of-school hours learning club, designed to offer your child extra learning support that will have a positive impact in their everyday school life.

What do Learning Clubs involve?

Your child will attend a one-hour session per week for 18 weeks or more, outside school hours, either at school or a local community venue. Learning Clubs are supported by tutors.

Learning Clubs provide:

- ✓ Activities that support school-based learning
- ✓ Support with a specific skill set or homework
- ✓ Support with test or exam preparation
- ✓ Confidence building to participate more fully in their school-based learning

"[Learning Club has] given me a quiet place to study and turn in homework tasks on time".

– Year 9 student

"I enjoy the relationships I have made with the volunteers at the learning club and admire their consistency. They really do care about my learning as long as I make the effort."

– Jessica
Learning Club participant

SmArts

Year 8-12
students with an
interest in the arts

SmArts is a program for children who are interested in creative industries and arts. Your child will be encouraged to use their imagination and creative skills. It also gives them practical information about pursuing a career in the arts.

The program provides both hands-on experience and offers a behind-the-scenes look at creative industries in the real world. Your child might also attend exhibitions or musical performances.

What does SmArts involve?

Your child will attend SmArts for a minimum of 20 hours. Sessions are held at school or a community venue.

During the sessions, your child will learn more about creative industries and be connected with professionals to get a real sense of a creative career.

"The best thing about SmArts was hearing from people who are in the arts field/industry and hearing their story and how they ended up where they are. Listening to their advice, what opportunities they took to get them where they are today."

**– Diego,
SmArts participant**

Work Inspiration

Year 9–12
students

Work Inspiration will help your child explore the real world of work. They are given opportunities to experience the world of work first-hand in a meaningful and inspiring way.

What does Work Inspiration involve?

In this program, your child will gain understanding of themselves, learn more about the roles in organisations and explore different career paths by:

- ✓ Going on a school excursion to a business over two days
- ✓ Connecting with a chosen business
- ✓ Meeting staff and taking part in the activities designed by them

“Before I wasn’t really listening that much at school, but since going to the McDonald’s Work Inspiration program I’ve learnt that if you want to get a career you have to go for it and you have to achieve things to get what you want.”

– Arani,
Work Inspiration
participant

Programs for parents and carers

Saver Plus

18 years old
and over

Saver Plus is a 10-month financial education support and matched savings program. It's delivered in partnership with ANZ, to help families on a tight budget manage their money and develop long-term saving habits.

Participants receive up to \$500 in matched savings when they complete the program, which can be used for educational costs such as computers and tablets, textbooks, and uniforms.

Who can join Saver Plus?

To join the Saver Plus program, you must:

- ✓ Have a Centrelink Health Care or Pensioner Concession Card and an eligible* Centrelink payment
- ✓ Be at least 18 years old
- ✓ Have some regular income from work* (yourself or your partner) including casual, part-time, full-time or seasonal work or child support
- ✓ Have a child at school or attend vocational education yourself

How Saver Plus works

1. Goal setting: Set a savings goal with your delegated Savings Coach for your education-related item(s).
2. Saving: Open an ANZ Progress Saver account and save regularly over 10 months.
3. Education: Complete our virtual MoneyMinded financial education workshops.
4. Matching: Reach your savings goals and have your savings matched up to \$500.

"If it had not been for Saver Plus, my kids would have gone months without school. Thanks to my savings, I got two laptops and one tablet. I still had \$200 left for food. It's just a brilliant program and I've been letting everyone know about it!"

**– Cassie,
Saver Plus participant**

**To apply please call 1300 610 355
or [click here](#)**

*Many types of income and Centrelink payments are eligible. Get in touch with your Saver Plus Coordinator for more information.

Interested in joining a *Learning for Life* program?

Our teams are always here to help.

We want your child to get the most out of *Learning for Life* and the great opportunities it offers.

If you'd like to know more about any of our *Learning for Life* programs or how to join, chat to your Family Partnership Coordinator.

We can't wait to see what your child will achieve.
