## VIEW PLEDGE

I pledge to promote the interests of VIEW, to extend friendship to all and to help those in need.

The 'Voice of VIEW' is an important aspect of VIEW Clubs of Australia. Through the National Resolution process we are able to collectively identify and articulate issues that are considered important for influencing social change in Australia. These are the resolutions on which we will vote today.

### 1. Addressing Loneliness and Social Isolation.

VIEW Clubs of Australia call on State and Federal Governments to create sustainable, evidence-based programs that effectively address loneliness and social isolation. We urge the integration of loneliness prevention strategies into existing health, social and urban planning policies to foster a holistic approach to community wellbeing.

### 2. National Education Standards.

VIEW Clubs of Australia call on the State and Federal Governments to ensure funding and resources are sufficient to address the educational needs of children who fall below the National Educational Standards for their year level in numeracy and literacy and provide programs and resources to meet the educational needs of children failing to attain the National Standards in numeracy and literacy as indicated by NAPLAN.

### 3. Funding Mental Health Programs for Children.

VIEW Clubs of Australia call on the State and Federal Governments to allocate additional Commonwealth funding to all Primary and Secondary Schools to enable them to employ Mental Health professionals to be based in each school to improve children's mental health outcomes.
