LOOKING FAB, LADIES!

June Guest Speaker

Evening VIEW Club

by Lianne Brennan

During our last dinner meeting, Ballina-on-Richmond Rotary Club District Governor David, and Robyn Harmon were our guest speakers. They delivered an informative and inspiring presentation on the Rotary's social justice cause of raising awareness and advocating against domestic and family violence. David's focus on the Club's work of raising awareness through the yearly walk against domestic violence and partnerships with local government agencies, schools, sporting and community groups underscored the importance of their efforts. These efforts include, but are not limited to, providing support to the affected lives in the community by joint fundraising efforts and sparking conversations through the Love Bites program for young adults. Robyn, as the Coordinator for the North Coast, plays a crucial role in organising the delivery to schools of the Love Bites program, which the Club subsidises, including the training of facilitators.

'Love Bites is a Respectful Relationships Education Program for young people aged 15-17. It consists of two interactive workshops, Relationship Violence and Sex and Relationships, followed by creative workshops and community campaigns. The program emphasizes the importance of a whole-of-school commitment to respectful relationship education'. (napcan.org.au)
