VIEW Pledge

"I pledge to promote the interests of VIEW, to extend
friendship to all and to help those in need"

From the President

Mother's Day is a time to celebrate and honour all women.

This day is not only for those who have raised children, but also for the many women who nurture, support and guide others in quiet, meaningful ways. Some may not have children of their own, yet they have cared for and uplifted family, friends, and communities, offering encouragement, wisdom and kindness where it is needed most.

We are endowed with many gifts and talents that influence future generations. These are reflected in the unique roles women play in our lives as beloved neighbours, aunts, teachers, grandparents, educators and friends, often embracing both the joys and the challenges that come with caring for others.

I have always loved Mother's Day, though I understand it can be a difficult day for some. For that reason, I choose to see it as a moment to recognise the many forms of care and compassion that women bring into the world. The ability to nurture, whether through family, friendship or community is something truly special.

So, this Mother's Day, I offer heartfelt appreciation to all women for your strength, your care, and the countless ways you enrich the lives of others.

Happy Mothers' Day

Patricia
