FIRST FRIENDSHIP GATHERING FOR THE YEAR

Texta SMALL GROUP OF OUR LADIES GATHERED AT THE Overflow Café in Beechboro on Tuesday 27th Feb for coffee and chat. Thanks Josie for organizing it. It was great to meet up with our club friends again and get to know each other a little more.

A new podcast from The Smith Family, about big dreams hidden struggles and the moments that make all the difference in a young person's life, All I Can Be, narrated by former radio presenter Sarah Macdonald. On Apple Podcasts or Spotify

Across the podcast's six episodes, you meet three former Learning for Life students. Listen and share these stories. Pass on the details to friends.

Help VIEW Aust. Promote and podcast by taking part in a new photo challenge.

Take a photo of yourself listening whilst going about your normal routine and then email your photo to view@thesmithfamily.com.au with a sentence or two explaining where you live, your club, what you are doing in the photo and what you think of the podcast.

Your photos and stories will help spread the word and may appear on the Website. There is how to listen instructions on the VIEW website.

Other Club News

Member Profile - Jo Bosso

I joined VIEW nearly 8 years ago. I was at a very low point in my life and realized I needed some friends. I knew nothing about VIEW or it's connection the The Smith Family. I just wanted to be one of those ladies that "did lunch with their friends."

As it turned out I met a group of ladies that don't mind if it's lunch or dinner and sometimes we even let our husbands join us. When I realized that we were helping students as well, that was a bonus.

I have learned a lot about a lot of subjects as we have had interesting speakers and just talking to other members who can share their knowledge is inspiring. I was programme officer and that made me learn more computer skills as I had to communicate with our speakers.

I have done things I never thought I would do. Just walking in that first day was really something for me. Linda Migro was at the door and she sat me with Lyn Groves who imparted her humour throughout the meeting (I shall say no more.)

Jokes aside, to attend other clubs' celebrations and fly off to other states for conventions is an achievement that has made me proud of myself.

I joined the club to make a few friends and now I have more than 60 and I know all of them would be there to help.

I am proud of our club and of what we do – Jo Bosso

Wafaa is our new sponsored student, replacing Zahra.

After school she likes to study, revise her school work and complete her assignments.

If she could travel anywhere in the world in the future, it would be to Syria because it is where she is from and she has other family there and would like to visit them.

Her favourite school subject is math because she can learn a lot of things like how to calculate and count money.

If she could try and job for one day it would be to work at childcare because she likes working with kids and would like to learn how to take care of them.

Wafaa's parent/carer says they support Wafaa's responses and will support her throughout her journey in life

New production in March – a drama -Marjorie Prime

Charity night will be Thursday 5th March.

See Pauline for extra information.

Come and enjoy lunch and each others company at the Morley Local, 250 Walter Rd. West, Morley on Tuesday 24rd Feb. at 12 noon.

SOME OF OUR LEARNING FOR LIFE STUDENTS FOR 2026

TAHLIA will be 16 this year and will be in year 11. We have been sponsoring her since 2015. After school and on the weekend she likes to go to the shops with her friends, You Tube hair styles and makeup and chat with her friends and have sleep overs

If she could travel anywhere in the world in the future she would like to go to Bali. She said heaps of people she know have been and she really wants to go, but her dream destination would be Europe.

Although she doesn't have a favourite school subject, she really enjoys art and design and cooking. She doesn't like the cleaning up after, but enjoys creating

If she could try any job for one day, she would choose being a judge. She thinks it would be an interesting job like the one on the internet and he actually takes all the perons needs and what's been going on in their life and tries to help. She thinks all judges should be like that and then we wouldn't have all the overcrowding issues in jails that they have and people hurting themselves because they can't get the help they need inside.

Tahlia's parent/carer said thank you for all you help. It makes a big difference.

ZAHRA is no longer sponsored by us as she finished year 12 last year. We had sponsored her since 2019.

After school and on the weekend she likes to exercise.

If she could travel anywhere in the world, she would like to go to Switzerland and Greece.

Her favourite school subject is English because the books are great.

If she could try any job for one day, she would choose to be a lawyer so that she could serve justice and uphold Australian laws.

Zahra's parent/carer said she has learnt and grown a lot.

HAILEY will be in year 7 this year. We have been sponsoring her since 2023.

After school and on the weekend she likes to play with her friends and on the weekend have sleepovers with her friend from across the road and stay up until 10 or 11. But on Saturday's she plays netball so che can't stay up for too long

If she could travel anywhere in the world in the future she would like to go to New York City because it is a beautiful place and she would like to see it in person or she would travel around Australia.

Her favourite school subject is math because she likes to answer the questions. Mainly division because she likes to quiz herself and also she wants to know how to do math so she can quiz her children when she is older.

If she could try any job for one day she would try being a Starbucks worker because she likes to make drinks and would like to make different drinks like the extra pink foamy drink or just the pink drink.

Hailey's parent/carer says thank you so much for being my daughter's sponsor. She loves reading your letters and writing back and the gifts she has received. Thank you from the bottom of our hearts.

VALERIE will be 9 and in year 3 this year and we have been sponsoring her since 2024.

After school and on the weekend she likes to colour in, watch videos on You Tube, do her daily chores and play with her toys and on her tablet.

If she could travel anywhere in the world in the future she would like to go to England because they have snow

Her favourite subject at school is maths because it doesn't take that long and she learns stuff.

If she could try any job for one day it would be a nurse because her pop is one and she would like to help people.

Valerie's parent/carer says thank you so much for sponsoring my granddaughter, she really loves your letters.
