FAQ

Why has our Club received this list of members?

Annual check to ensure that VIEW Clubs National Office has accurate membership information.

Who needs to complete this update?

Club Secretary working with Club Treasurer (and other Committee Members as needed) should update this list

When is this due back to National Office?

To ensure timely record updating it is requested that this be completed and returned to National Office by 31 March, each year.

Can I just send my Club's current Membership list instead of updating the list sent by National Office?

No, each Club needs to update the list provided by National Office. It is a long process to update National Office Membership Database and to accept individual Club lists would mean having to compare our records to the list provided (times 286 clubs).

Do I need to do this on the hard copy, it would be easier if I had an electronic version?

Club Secretary's can request a Word Version of their Clubs Membership List for editing and submitting. Changes need to be marked in the document using Track Changes.

Documents that do not show changes will be returned to the Club Secretary.

FAQ – Cont'd

What if members are not included

If a member/s does not appear on your Club Membership List please supply a copy of the Membership Application form or Changes to Member Form (Transfer/2nd Club) (available at <http://view.org.au/resources/forms/>).

Annual Membership Subscriptions Payment

Return updated/annotated Membership List with completed Payment Form and cheque covering Annual Membership Subscriptions for all Club members by 31 March 2023.

Complete Late Notification Form if not able to make deadline 31 March 2023

We understand that some clubs may have difficulty adhering to our timeline 31 March 2023. If you are unable to work within the timeframe, *let us know by completing the Late Notification form attached and email to National Office at view@thesmithfamily.com.au **before the due date.***

A copy of the Late Notification form can be found at view.org.au/Resources/Forms.

Why do we need to include a Year of Birth, why not a Date of Birth?

To help keep VIEW members details safe, we only require a year of birth. A full date of birth can allow a misuse of members individual details if include with names and addresses. A Year of Birth provides the information required for Insurance compliance.
