

Child Safeguarding Framework: Safeguarding Children and other Vulnerable People from Abuse and Neglect

Summary

The Smith Family's Child Safeguarding Framework ensures that all team members, supporters, and families have the information and resources they need to ensure that the safety of children and young people is prioritised in all the work that we do.

The Smith Family is committed, in all that we do, to safeguard children and young people from abuse and neglect and to promote child rights, safety and protection.

To enact this commitment, we will work with families and communities to always:

- Act in the best interests of children and young people
- Provide safe environments for children and young people
- Take action to protect children and young people from abuse and neglect.
